## Moody Park

---

The popularity of the Moody Park has been very much in evidence the past year. There was so much travel that the road become very dusty and the commissioners feel that for the comfort and pleasure of those enjoying the park there should be a coating of oil to lay the dust. The commissioners are therefore asking for \$500 more than last year in order that the road may be properly oiled and the park kept in fairly good condition.

Outstanding Dec. 31, 1929		\$255,020.00

There is a \$1,000.00 matured Dole Reservoir Bond that has not been presented for payment.

There was only six months' interest paid on the Stevens and Healy Fund Bonds out of 1929 Earnings. The interest falling due January 1, 1930, will be paid from 1930 Earnings, and included in that year's Statement. If a full year's interest had been paid on the Stevens and Healy Fund Bonds, and the Matured Dole Reservoir Bond had been paid, there would have been a deficit of \$2,455.51. instead of a balance of \$1,708.89 for the year 1929.

The year 1929 shows a steady increase in the use of the library in spite of the fact that the library was closed during February and March because of the fire that seriously damaged both the building and contents.

There was a circulation of 65,930 books, a gain of 1,836 over the previous year.

One thousand six hundred and fifty-two books have been added of which 300 were gifts. Several additions have been made to the reference department. The new Britannica, and the latest editions of the New International and Americana encyclopedias; Modern Eloquence the Dictionary of American Biography; the latest edition of Webster's Unabridged Dictionary and Cram's Atlas of the World. A new edition of the World Book and the New Human Interest Library have been placed in the children's room. The increased appropriation has made it possible to have these valuable reference books.

All of the books destroyed by fire have been replaced by new copies or books of a similar nature.

The damage caused by the fire has been entirely repaired and several additions and re-arrangements made which add greatly to the appearance and usefulness of the library. The installation of oil heat adds much to the cleanliness and comfort of the building.

Since April 1st the library has opened at 10 o'clock in the morning. This was done with the hope that more people might be reached. That this was a wise move is shown by the increasing number of people who use the library during the morning hours.

Books are being sent regularly to the Sullivan Machinery Company and the the Frances J. Tolles Home. The Hospital is also to be supplied with books. We hope to be able to send books to some of the out-lying parts of the town before the year is over.

The library has always been ready and willing to place sets of books in the rooms of teachers who wish them. During the past year, Miss Morrison of the North Street Junior High School has had a book and magazine table in both the 7th and 8th grades. This has proved to be very helpful to the children. We hope

that more teachers will avail themselves of the opportunity this year.

Among the gifts that have come to us this year is a collection of autographs given by Miss Mary L. Deans of Ogdensburg, N. Y. It contains autographs of several presidents and other well known men. A beautifully illustrated collection of Folk Songs by the Fuller sister was given by Mrs. Robert Barrett of Cornish.

Following is a list of people from whom we gratefully acknowledge gifts: Mr. John Alden; Argus and Spectator; Baptist Society; Bertha Allen Estate; Rev. F. J. Andrews; Mrs. Robert Barrett; Mrs. Frank Brown; Mrs. Rosamond Bryant; Mrs. Emma Chapin, Springfield, Mass.; Mrs. John G. Christopher; Miss Mary Anna Conlin; Mrs. Elmer Cole; Miss Mary L. Deane, Ogdensburg, N. Y.; Mrs. Eliza Dole; Mr. John L. Farwell; Knights of Columbus; Mrs. Lucia Ferguson; Miss Sarah Gilmore; Miss Gertrude Hart; Mrs. Marian Hatch; Mr. John Healey; Mr. George J. Holt; Miss Grace Hooper; Mr. Henry Hurd; Miss Fanny Judkins; Mr. A. B. Kellogg; Mrs. Mary J. Keyes; Mr. Frank Kimball; Miss Gertrude Morrison; Mrs. Edgar Noyes; Mrs. Harland Ramsay; Red and Black; Mrs. David Roy; St. Mary's School; Mr. Irving Story; United Fruit Co.; Universalist Society; Mr. Horace Eaton Walker; Mrs. Bessie Whipple; Mrs. Ernest E. White; Mr. George C. Warner; Mr. and Mrs. Robert Winn.

The Historical Room continues to be a source of interest. Considerable work has been done on the Mineral room and we are grateful to Mr. and Mrs. Stevens for their assistance in sorting and arranging the minerals in the Stevens Collection.

We wish to thank the local newspapers for gifts of their weekly issues, and for the printing of lists and other library notes.

## Chief Engineer's Report

---

### *To the Board of Selectmen:*

The year ending January 31, 1930, showed a slight increase in the number of both bell alarms and still calls over the previous twelve months. A total of 22 bell alarms were answered during the year just past, together with 209 still calls, or a total of 231 summons to which the department has responded. As in past years, quick notification and response in the case of still calls has averted serious blazes which would have necessitated calling out the entire department.

The twenty-two bell alarms for the year were as follows:

Feb. 3—Box 13, 2:10 p. m., Public Library, Broad street.

Feb. 5—Box 13, 12:30 p. m., Goddard house, Broad street.

Mar. 7—Box 45, 11:25 p. m., Lamountain house, North street.

Mar. 10—Box 8, 4:45 p. m., Williams house, West Claremont.

Mar. 22—Box 32, 4:15 a. m., Jutras garage, Washington street.

Mar. 26—Box 42, 8:50 p. m., Newell radio shop, Highland avenue.

Apr. 19—Box 8, 12:40 p. m., LaClair house, Bible Hill.

May 9—Box 36, 5:25 p. m., False alarm, Barnes street.

June 17—Box 29, 5:30 p. m., Tenney garage, Summer street.

July 1—Box 8, 7:50 a. m., Usco house, West Claremont.

July 22—Box 8, 7:20 a. m., Dagenais barn, Slab City.

Aug. 25—Box 64, 3:58 a. m., Levine house, Potvin street.

Sept. 20—Box 47, 9:50 a. m., Kazon house, Elm street.

Oct. 5—Box 57, 7:25 p. m., Automobile fire, Spring Pond Ice Co., Winter street.

Oct. 13—Box 13, 1:05 a. m., Currier & Nichols store, Pleasant street.

Oct. 26—Box 47, 2:50 p. m., Satzow house, North street.

Oct. 29—Box 56, 3:40 a. m., Moscatiello house, Hanover street.

Nov. 3—Box 47, 11:35 p. m., Brown tool house, Elm street.

Nov. 8—Box 34, 9:05 p. m., Bedard house, West Lafayette street.

Nov. 22—Box 22, 6:05 a. m., Burbee garage, Spring street.

Nov. 30—Box 29, 12:30 p. m., Haynes house, Prospect street.

Dec. 18—Box 37, 2:10 a. m., Carey house, Wall street.

The report of all brush and woodland fires will be found under the Forest Fire Warden's report.

## HYDRANTS

Three new hydrants have been installed during the past year, adding still further to protection available for the town's property owners. These installations have been on Dunning street near the Claremont General hospital, on Ridge avenue near the L. H. Bartlett place, and at the corner of Lincoln and North streets.

## FIRE ALARM SYSTEM

Two fire alarm boxes purchased during the previous year were linked up with the fire alarm circuit during 1929, these being No. 65, on Moody avenue near Washington street, and No. 66, at the corner of Washington and Second streets. Much work has been accomplished on the system as a whole during the year, particularly in the matter of changing wires from old poles to new, but much still remains to be done. New elements for the battery room will be needed this year, replacement being indi-

cated to keep the system at its present grade of efficiency. The elements now in use have served for a five-year period, the limit of time for which they were designed.

### RECOMMENDATIONS

The Department's chief need this year is for a new motor chemical to replace the apparatus in use for the past ten years, which has paid for itself many times over in the amount of money saved the taxpayers of the town and should be supplanted by a new and up to date chemical before it is entirely worn out. The motor chemical, which is sent in response to all still calls, has on innumerable occasions saved the town the expense of a bell alarm by checking small fires in their incipency. I would recommend purchase by the town of such a piece of apparatus.

### REMARKS

Fire loss during the past year has again been held at a comparatively low level, indicating both the adequacy of the department's fire fighting equipment and the faithfulness and energy of its personnel. The largest fire loss during the year was sustained by the Public Library. In the case of practically all other fires either the property involved has been comparatively small in value or fortunate discovery and quick work has enabled the department to keep the fire damage to a low figure. Once more I wish to express my appreciation of the splendid co-operation on the part of everyone in meeting the constant menace of fire and in keeping the town's losses at so low a figure.

C. E. SEARS, *Chief Engineer.*

## Fire Warden's Report

---

Claremont, N. H., Feb. 1st, 1930.

*To the Selectmen and Citizens of Claremont:*

I would respectfully report there were but two Forest Fires in the town during the past year. These fires were handled at a cost of \$66.25.

I wish to thank the people for their cooperation and assistance.

Respectfully submitted,

P. J. SHERIDAN, *Forest Fire Warden.*

## Board of Health

---

*To the Honorable Board of Selectmen, of Claremont:*

I herewith submit the following report of the health department of the town of Claremont, for the year ending January 31, 1930.

The number of contagious diseases reported have exceeded that of the preceding year, owing to the prevalence of scarlet fever during both the early part of the year and a recurrence of the disease during the latter portion. Fortunately in both periods the disease has been in a very mild form, with no serious results.

Effort has been made in every case of contagious disease reported, to ascertain if possible its origin and to maintain an effective quarantine during the period of illness.

A total of 222 cases of communicable diseases were reported, as follows:

Chicken Pox	9
Diphtheria	23
Influenza	3
Measles	18
Mumps	5
Pneumonia	16
Scarlet Fever	103
Small Pox	3
Tuberculosis	13
Undulant Fever	1
Whooping Cough	8
Venereal Diseases	20

The work for the prevention of disease has been carried on throughout the year through the agencies of the medical in-

spector, public health nurse, infant welfare nurse, tuberculosis nurse, and school nurse.

Again we would call to your attention the fact, that the success in the accomplishment of this prevention work depends to a large extent upon hearty cooperation of parents and the general public in the furtherance of the project.

Diphtheria, while showing a decrease in the number of cases and less fatality, owing to the preventative measures now being adopted, is still a distinct menace to life and health of the child. An average of 22 children died every day from diphtheria in the United States during 1928. Children need not have diphtheria, as it can be prevented by a simple, harmless treatment with toxin-antitoxin.

There is no guess work about toxin-antitoxin, it is safe and proven preventive. The greatest obstruction today in diphtheria elimination, is the delay in using this means of prevention.

Do not wait until the child goes to school. The little children need this protection even more than the child who is going to school.

## GENERAL SANITATION

This division of health work which includes routine inspection of all food and confectionery stores, restaurants, hotels, meat markets, ice cream parlors, barber shops, etc., has been given careful attention.

These inspections are usually made in company with a state inspector. Other inspections are made from time to time as conditions demand during the year. In general the stores handling food-stuffs show very satisfactory conditions, so far as complying with the food laws and sanitary regulations are concerned.

A large number of complaints have been received during the year in regard to the dumping of rubbish and the improper disposal of sewage. Many complaints are made by aggrieved persons, that do not come within the province of this department. All complaints are investigated and suggestions for the correction made whenever possible.

The question of sewage disposal, probably presents the most serious problem for consideration, as in certain localities it is almost impossible for the house owner to dispose of sewage in a sanitary manner, at a reasonable cost. Quite a large number of septic tanks have been installed, which is a method of disposal far superior to the ordinary cesspool, but at the same time is far from being an ideal means of disposal of sewage, in the more thickly populated parts of the town, where it is difficult to properly care for the overflow from the tanks without creating more or less of a nuisance. Allowing septic tank effluent to run out on the surface of the ground or into street drains is the cause of many just complaints and is something that should not be tolerated.

Public ownership of sewers, is probably the only solution of the problem confronting us relative to the abatement of this nuisance of improper sewage disposal.

Respectfully submitted

WILLIAM P. PRESCOTT,  
*Health Officer*

## American Red Cross

---

During 1929 the total number of home visits was 4997.  
These visits may be classified as follows:

Medical	1,837
<b>Surgical</b>	838
Maternity	1,491
Prenatal	198
Child Welfare	391
Chronic	94
Tuberculosis	53

# Report of Building Inspector

---

For Year Ending December 31, 1929

Well over \$800,000.00 were spent in new buildings and building improvements in Claremont during the year ending December 31, 1929. Among the larger ones which are completed or well under way include the new Stevens High School with alterations of the old Stevens High. The M. E. Church, Goddard Block for Montgomery Ward Company with a capacity of 18,000 square feet of floor space.

The municipal building, the A. & P. block, two stories added to a portion of Gellis Block, also new woodworking, tire and storage plants.

There has been extensive alterations and improvements in several business blocks and in a great many private dwellings. Many from one to eight car garages.

New houses:

Two tenement	1
Single houses	24

Remodeling:

Change from one to two tenements	2
Change barn to three and four room apartments	1

Respectfully submitted,  
F. B. WAITE, *Building Inspector*

## Report of Milk Inspector

---

### *To the Selectmen of the Town of Claremont:*

This has been a very busy year. We held two very lively meetings in regard to pastuerizing the entire milk supply, appointed committees to investigate costs, etc., but the people of Claremont did not seem ready for it, so it was dropped. However, we have one supply pastuerized where those who wish it can procure that product, and in case of an epidemic the whole supply can be treated there.

I wish at this time to make myself clear in regard to pastuerization. I believe in it. I believe that the milk supply of the whole United States will be pastuerized in time, and my idea was to be ahead of some epidemic rather than too late and I wish at this time to also state that whether I am Milk Inspector in years to come, or not, if the people of Claremont and the producers ever do wish it they will find me ready to help.

Cattle have been tuberculine tested as usual and reactors removed and slaughtered where found.

Licenses have been issued and barns inspected as often as was deemed necessary. Some milk has been poured in the sewer due to improper handling, and two supplies stopped due to contagious disease in the family of the producer.

One supply was delivered one morning when a contagious disease existed in the producers household and we went to his customers and destroyed the milk so none of it was used.

Milk samples have been taken more often this year due to some bad results the first of the season, but a great improvement has been made since then.

Under a new method, started this year, after the barn and equipment have been made satisfactory to the inspector a permit

is issued to the producer or dealer and he in turn goes to the Selectmen's office to procure his license.

Thanking producers and consumers for their cooperation,

I am,

Respectfully yours,

L. R. HAUBRICH, V.M.D.,  
*Milk Inspector*

## State Forester's Report

---

As will be seen by the financial statement, the State increased the town appropriation 25 per cent. The necessary supervision of the crew, the time employed in laying out the work and deciding on the control areas, as well as many other details, was handled by the district Blister Rust Agent. As he is said by the Federal Bureau of Plant Industry, no charge for his services was made against either town or state monies. Thus, the town appropriation and the state aid was used solely in the location and destruction of currant and gooseberry bushes, the plants which spread disease from infected to healthy pine trees.
